

THE POETICS OF TRAVEL: A DYNAMIC PARTNERSHIP

The opulence of expansive open areas

Have you ever envisioned a tranquil space-time, prepared to nurture and bolster your entrepreneurial aspirations?

A tranquil and peaceful environment, perfect for enabling you to implement changes at the appropriate moment.

Established in 2010 in the uncharted region of Auvergne, with the aspiration to offer the luxury of expansive landscapes, away from the chaos of modern life, "instants d'Absolu" Ecolodge & Spa has committed to providing companies with the same value-added experience it offers to travelers.

The pandemic has unsettled us, and the emerging times demand stability, grounding, and a reconnection to nature, as well as, through reflection, to our own serene, benevolent, and joyful nature.

Together, we can effect the change we desire through this invitation to "be who you are" and ultimately "do your work and share it with the world." "Moments of Absolute" Ecolodge & Spa represents another milestone on the Path—your path—rooted in the profound simplicity of life.

The poetics of travel is offered throughout the year, across all four seasons, with numerous possibilities aligned with four key axes that enhance our work for societal contribution, profitability, and harmony with contemporary values, fostering a reconnection to our intuition, our greatest ally.

The four pillars of our support

WORKATION for an important project, possibly urgent, with the desire to place your employee in a beneficial environment and energy.

SUPPORT AT THE START OR END OF AN ACTIVITY: following hiring, for a career transition project, or at retirement, with the desire to support your employees. Because it is important to you to start or end a chapter on the right foot. In the form of a gift certificate.

SELF-CARE: 15 to 30 days of care (time may be allocated flexibly) Experience the lake shores from a fresh perspective, or receive support to embrace your authentic self during a gradual period (minimum of 5 days) designed to rejuvenate your energy or restore your balance. Immersion programs for entrepreneurs are a platform for audacity, led by Isabelle Caratti and Olivia Colboc.

Co-founder of SOULearning, Isabelle is motivated by a steadfast vision of a more resilient world and has collaborated with numerous prominent Swiss insurance firms.

In 2015, a moment of clarity allowed Isabelle to discern with remarkable precision how to merge her technical expertise with leadership coaching, thereby inspiring and empowering others, and facilitating the flourishing of both projects and individuals. Her methodology is simultaneously liberating and transformative, impacting both personal and professional realms with a far-reaching ripple effect.

An unconventional profile—an intuitive engineer and pianist, hypersensitive yet analytical, executive coach and dance instructor—Olivia has embraced her authentic self and committed to her life journey by permitting the expression of all her dimensions.

She complements the immersion with the piano, revealing her heart to you while assisting you in unveiling yours.

This immersive experience is designed for you if:

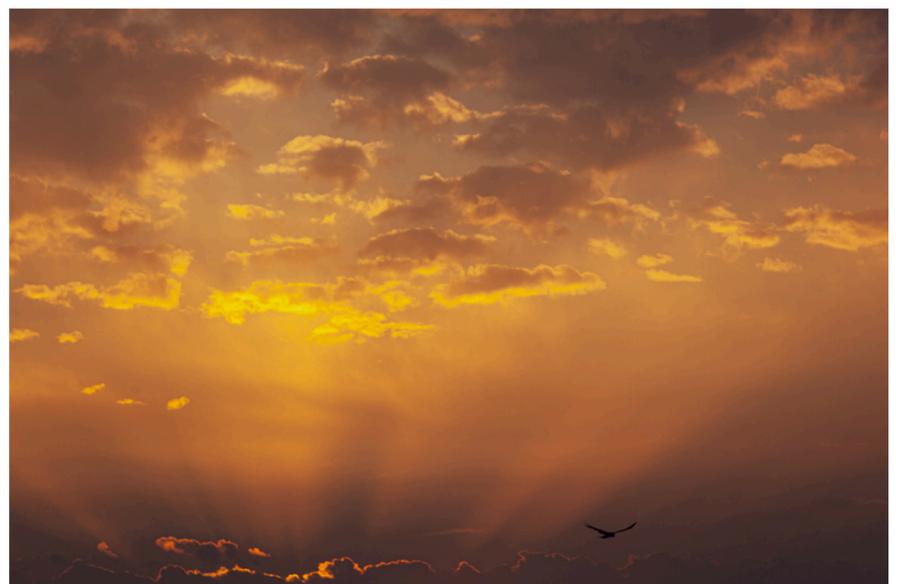

You are a leader who actively oversees a business.

You continue to harbor numerous dreams and the aspiration to realize them.
